VOLSTEAD LOUNGE

Our semi-private raised lounge gives you and your guests your own dedicated space while still being fully immersed in the energy of The Bassment. It can be sectioned off from the general public using stanchions, curtains, or both to create your ideal level of privacy. Even with that exclusivity, you're still front-and-center for our live band sets, taking in the full atmosphere from the best vantage point in the room. Guests can also order food for the party, making it easy to snack, share, and keep the night flowing without ever stepping away from the music. It's the perfect blend of private-party comfort and live-music immersion.
